SPRING DOUBLES TOURNAMENT

The next event in the Club's 2019 Tournament Program is the **Super Spring Series Doubles Tournament** which will be played this Saturday night, 21 September.

If you want to play in this tournament, you need to start chasing a partner now. This should be fairly easy for Fixture players who can ask the people they play with and against. Social Tennis is also a good place to look for partners.

Entries close this Thursday, 19 September.

As with all the Club's participation-style tournaments, the Spring Series is designed to provide lots of Tennis with a minimum time commitment (played to completion in a single night and uses round-robin formats to keep everybody playing) and offers events at 4 levels to cater for Fixtures and Social players of all standards.

For more information and to download an entry form, go to the Club Website [here](#).

Entries can be lodged on-line via the Tennis Australia Tournaments Website [here](#).

The other tournaments in the Super Spring Night Tournament Series are a **Singles Tournament** on 12 October and a **Mixed Doubles Tournament** on 26 October.

UPDATING YOUR CONTACT DETAILS

The Club's Management Committee goes to a lot of trouble to make sure Members are kept informed about what is happening in the Club.

However, this is only possible if Members' contact information is up-to-date. **If you move or**

change your e-mail address, please let the Club know.

As players are registered with Tennis Queensland using Tennis Australia's My Tennis on-line database, those with a valid e-mail address will receive an automated e-mail receipt from Tennis Australia confirming their registration. They will also receive a notification about how to access the on-line system to update their personal information themselves. **This notice infers that changes to contact information made on-line in this way will automatically be conveyed to the Club. This is incorrect. Any changes must be notified separately to the Club, preferably via e-mail to admin@uqtc.org.au.**
